# Metrohm Service Agreement Prime GLOBAL

Maximum insurance for your Metrohm system means minimizing the risk of downtime and unplanned cost.

Our new Service Agreement Prime GLOBAL includes the most commonly requested service and support features. You get priority status for on-site instrument repairs and on-site preventive maintenance. Not only do we replace critical wearing parts using genuine Metrohm parts and accessories, we make sure to protect your instrument from hardware failure.

You can also take advantage of this agreement for your existing Metrohm instruments – even if they are past their warranty period. In these cases, we will inspect and fine-tune your instruments back to proper working and coverable condition.
