

"ProfIC Vario 14 Anion" – Professional IC Vario system with Metrohm's intelligent Pick-up Injection Technique (MiPuT)

ProfIC Vario 14 Anion

The Professional IC Vario system with Metrohm's intelligent Pick-up Injection Technique (MiPuT), sequential suppression and conductivity detection enables the determination of anions or cations from the smallest of sample volumes.

Typical areas of application:

- Universal use for all types of samples when only small sample amounts are available
- Investigation of biochemical processes
- Environmental sample extracts

Schematic representation

Installation instructions

Below, the accessories are grouped into Scope of delivery and Optional accessories. Please keep this printout at hand for ordering replacement material. These lists may be subject to change.

Scope of delivery ProfIC Vario 14 Anion

Qt.	Order no.	Description
1 PCS	2.800.0010	800 Dosino
		s a drive with write/read hardware for intelligent Dosing cable (length 150 cm).
1 PCS	2.850.9010	IC Conductivity Detector
	intelligent IC in complete signal p latest generation highest precision	telligent high performance conductivity detector for instruments. Outstanding temperature stability, the processing within the protected detector block and the in of DSP – Digital Signal Processing – guarantee the of the measurement. No change of measuring ranges attic ones) is required, due to the dynamic working range.
1 PCS	2.858.0020	858 Professional Sample Processor – Pump
	500 μL to 500 r	onal Sample Processor – Pump processes samples from mL. The sample transfer takes place either with the ional two-channel peristaltic pump or with an 800

The 940 Professional IC Vario ONE/SeS/PP is the intelligent IC instrument with sequential suppression and a peristaltic pump for suppressor regeneration. The instrument can be used with any separation and detection methods.

Typical areas of application:

2.940.1500

- Anion or cation determinations with sequential suppression and conductivity detection
- Trace analysis for anions or cations
- Online monitoring for anions or cations

1 PCS 6.5330.170 IC equipment: MiPuT

Accessory set for assembling a Dosino for sample pick-up (Metrohm intelligent Pick-up Injection Technique).

Optional accessories			
Order no.	Description		
2.941.0010	941 Eluent Production Module		
	The 941 Eluent Production Module enables the automatic production of an eluent. It enables continuous working without manual intervention and guarantees stable retention times. It can be combined with all Metrohm IC instruments and is monitored by MagIC Net.		
6.2041.480	Sample rack, 159 x 2 mL and 3 x 300 mL (PVC)		
	Sample rack for 858 Professional Sample Processor, suitable for 159 sample vessels and 3 rinsing bottles. The following sample vessels can be		

MSM Rotor A

6.2832.000

Suppressor rotor for all IC instruments with MSM (Metrohm Suppressor Module)

used: 2 mL (Eppendorf), 6.1608.080, 6.1627.000.

Plastic: Polyvinyl chloride (PVC)

6.2842.000 MSM-HC Rotor A

> Suppressor rotor for all IC instruments with MSM-HC (Metrohm Suppressor Module with high capacity)

Not only the MSM Rotor A but also the MSM-LC Rotor A can be installed in the rotor housing with the aid of the adapter sleeve.

6.2842.200 MSM-HC Rotor C

Suppressor rotor for all IC instruments with MSM-HC drive (Metrohm Suppressor Module with high capacity) for cation suppression.

6.2844.000 MSM-LC Rotor A

Suppressor rotor for use with 2 mm columns.

Professional chromatography software from Metrohm for controlling all intelligent Professional IC systems, Compact IC systems and their peripherals, all detectors and the various Auto samplers, 800 Dosino, 771 Compact Interface, etc. The software permits checks, data acquisition, data evaluation and data monitoring as well as report generation of ion chromatographic analyses.

Graphical user interface for routine operations, extensive database programs, method development, configuration and manual control panel; very flexible user management, efficient database operations, extensive data export functions, individually configurable report generator, control and monitoring of all system components and the chromatography results.

MagIC Net Professional complies fully with FDA Regulation 21 CFR Part 11 as well as GLP.

MagIC Net is available in 15 dialog languages: German, English, Chinese, Traditional Chinese, French, Italian, Spanish, Portuguese, Bulgarian, Czech, Hungarian, Japanese, Korean, Russian, Slovakian

With this version, the graphic user interface has been modernized, which improves, among other things, the scaling and sharpness of the user interface on 4K monitors.

1 license

The installation and documents are supplied on a USB flash drive.

Client/server-compatible chromatography software from Metrohm for controlling all intelligent Professional IC systems, Compact IC systems and their peripherals, all detectors and the various Autosamplers, 800 Dosino, 771 Compact Interface, etc.

The software permits checks, data acquisition, data evaluation and data monitoring as well as report generation of ion chromatographic analyses. Data and method are centrally stored on a Server.

Graphical user interface for routine operations, extensive database programs, method development, configuration and manual control panel; very flexible user management, efficient database operations, extensive data export functions, individually configurable report generator, control and monitoring of all system components and the chromatography results.

MagIC Net Multi complies fully with FDA Regulation 21 CFR Part 11 as well as with GLP.

MagIC Net is available in 15 dialog languages: German, English, Chinese, Traditional Chinese, French, Italian, Spanish, Portuguese, Bulgarian, Czech, Hungarian, Japanese, Korean, Russian, Slovakian

With this version, the graphic user interface has been modernized, which improves, among other things, the scaling and sharpness of the user interface on 4K monitors.

Performance for client/server systems with servers outside the in-house company network has been improved.

Client/server version with 3 licenses
