

849 Level Control

2.849.0010

Equipo adicional para Sample Processors para control a distancia del estado de llenado de bidones de lavado o residuos a distancia. El 849 Level Control impide la marcha en seco de las bombas y/o el rebasamiento de los bidones. Apto para uso con soluciones acuosas, disolventes y suspensiones.

Partes/accesorios 2.849.0010

Qt.	Order no.	Descripción
1 PCS	1.849.0020	849 Level Control metal-free (for canisters)

Additional equipment for Metrohm instruments. For monitoring the filling level of bottles for eluent, auxiliary or waste solutions via remote control. The 849 Level Control prevents pumps from running dry and/or canisters from overflowing and is suitable for use with aqueous solutions, solvents and suspensions.

The metal-free sensor works in solutions with very low conductivity. Therefore it may be used in ion chromatography.
